

3DEXPERIENCE CONFERENCE

SEPTEMBER 14-15
DARMSTADT | GERMANY

PLENARY SESSIONS | Registration: 09:00 am | Program: 10:00 am

Welcome by Yasmine Blair & Dominic Kurtaz

Opening: Agility as Kick-Start for Sustainable Innovation | Dominic Kurtaz, Managing Director EuroCentral, Dassault Systèmes

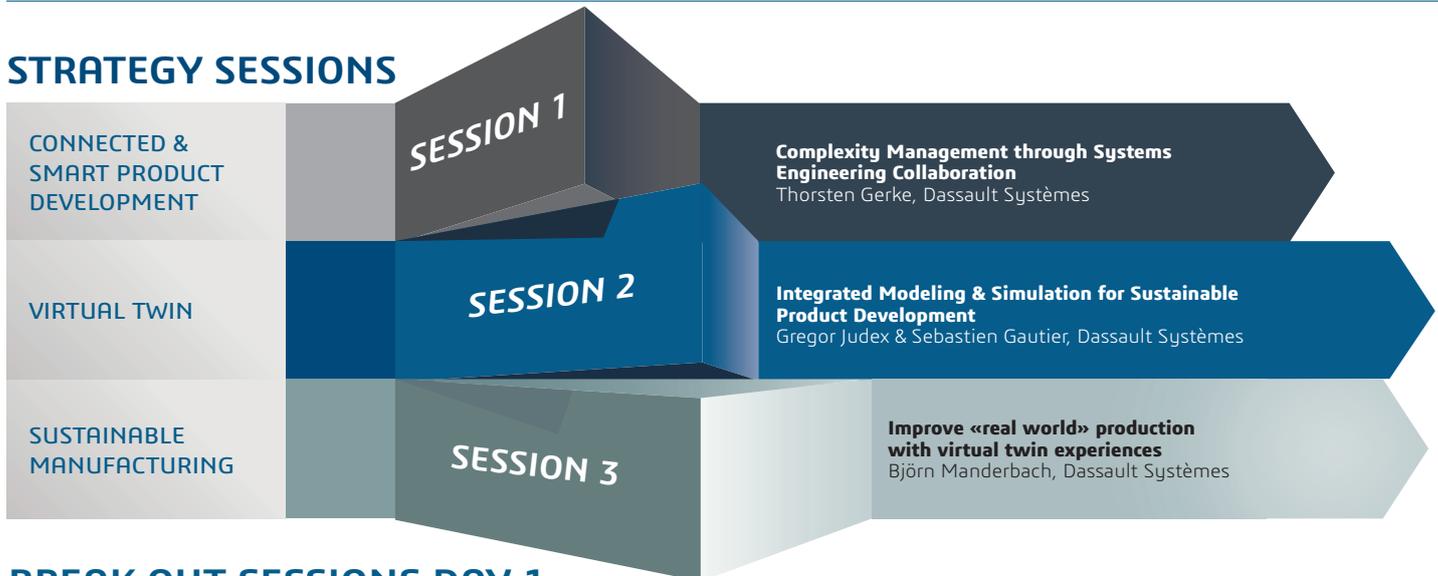

Working in the Year 2032: Megatrends fundamentally changing the way we work and innovate Lars Thomsen, Futurologist and Trend Analyst

Keynote: Miele & Cie. KG

Digital Design, Manufacturing & Services (DDMS) @ Airbus Defence & Space – From vision to reality
Andrea Bugar, SVP HO DDMS at Airbus Defence and Space

Innovation talk: How can digital technologies be used to build an agile organization and drive sustainable innovation

STRATEGY SESSIONS

BREAK OUT SESSIONS DAY 1

DESIGN, SIMULATION AND MANUFACTURING	BUSINESS PLATTFORM	3DEXPERIENCE OPENNESS & INTEGRATION	3DEXPERIENCE WORKS & SOLIDWORKS
Shortening electrical development time through a holistic systems engineering approach Morten Huber, Sebastien Aldenhoven & Thomas Bovenderd, Dassault Systèmes	Initialize your Digitalization strategy with the 3DEXPERIENCE platform Michael Lichtenthaeler, Dassault Systèmes	Platform Openness – Importance, technologies and partner solutions at a glance Dr. Tom-David GRAUPNER, Dassault Systèmes	Worldwide Collaboration – Globale Kommunikationslösung ermöglicht stets Zugriff auf Fertigungsunterlagen in Echtzeit und sichert Wettbewerbsvorteile Patrick Streppelhoff, DELLNER BUBENZER Germany Wind GmbH
Multidisciplinary Simulation in the 3DEXPERIENCE Platform. Dr. Daniel Vallicotti, CENIT AG	NPI (New Product Introduction) project management via 3DEXPERIENCE Jiří Koryčan, Edwards Jiří Petr, TechnoDat	3DEXPERIENCE Integration to SAP ECC and SAP S/4HANA Horst Heckhorn, CENIT AG	Removing IT overhead and costs with SOLIDWORKS Product Data Management as a Service Mike Wagner, Dassault Systèmes
Digital Continuity at Brose Klaus Roos & Rolf Bucker, Brose Fahrzeugteile SE	Develop KPIs for every user – from CxO to Contributor – to understand and navigate your Digitalization strategy with the 3DEXPERIENCE platform Sebastian Kress, Dassault Systèmes	3DEXPERIENCE enterprise Integrations powered by TECHNIA's Integration Framework (TIF) Martin Nölle & Marcus Larsson, Directors Software & Global Services, TECHNIA GmbH	Take your design to the next level with a new browser-based, 3D design and lifecycle management solution. Nick Dzierzon, Dassault Systèmes

Wrap up + Highlights of the day

Evening Event (18:00 pm)

3DEXPERIENCE CONFERENCE

SEPTEMBER 14-15
DARMSTADT | GERMANY

BREAK OUT SESSIONS DAY 2 | Registration: 08:30 am | Program: 09:15 am

DESIGN, SIMULATION AND MANUFACTURING	AGILITY THROUGH CLOUD	3DEXPERIENCE OPENNESS & INTEGRATION	3DEXPERIENCE WORKS & SOLIDWORKS
<p>Assure compliance of functional safety and security standards by using the 3DEXPERIENCE platform Jan Gröver, CLAAS KG mbH & Anjali Singh, Dassault Systèmes</p>	<p>Accelerated simulation with SaaS Andreas Seidel, SIMULIA Sales Senior Manager, Dassault Systèmes</p>	<p>Cloud-Cloud-Coupling by using SCHWINDT's vierS Cloud Dr.-Ing. Ralf Seidler, CEO, SCHWINDT DIGITAL GmbH</p>	<p>Winning Market Share in Robotics and Automation with 3DEXPERIENCE Virtual Twins with SOLIDWORKS Nick Dzierzon & Thomas Maiti, Dassault Systèmes</p>
<p>Advanced Parametric in early Concept Structure and optimization Dr Tayeb Zeguer, Jaguar Landrover & Stefan Mertz, Dassault Systèmes</p>	<p>Take your design to the next level with a new browser-based, 3D design and lifecycle management solution. Nick Dzierzon, Dassault Systèmes</p>	<p>Migration from ENOVIA Smart-Team to 3DEXPERIENCE under the usage of the xPDM adapters at Preh GmbH, an automotive Supplier company. Sebastien Chaumiole, Valexcon</p>	<p>Innovative e-bike development with SOLIDWORKS and 3DEXPERIENCE Marcus Rochlitzer, Möve Mobility GmbH & Benk Boldt, Solidline GmbH</p>
<p>ECO-Caverns: Standardised underground spaces for a sustainable industrial development Benoît Cousin, Head of Thermal Management, Director at ECCUS</p>		<p>PROSTEP's cloud and on-prem 3DEXPERIENCE solutions for data exchange, integration and collaboration Daniel Wiegand & Dr. Mirko Theiß, PROSTEP AG</p>	<p>Smart and Connected Product Development with 3DEXPERIENCE WORKS serving the complete Engineering Process Thomas Maiti & Mike Wagner, Dassault Systèmes</p>
<p>Increased power of the 3DEXPERIENCE platform Cutting Tool Lifecycle Management @ CLAAS / Vision to connect Engineering with Manufacturing Patrick Kübler & Sven Bertelmann, Claas KGaA mbH</p>		<p>A customer project showcase: Breaking the silos with 3DEXPERIENCE Openness technology Tino Schlitt, T-Systems</p>	<p>Speed up your design processes with Tips and Tricks from users for users Jürgen Wurdinger, Dassault Systèmes</p>

Lunch Break and Networking

PLENARY SESSION

Manish Kumar, CEO SOLIDWORKS

From SolidWorks to 3DEXPERIENCE – Our journey to a Virtual Twin
Robert Többen, Trützschler Group SE & Achim Simon, TECHNIA GmbH

Workforce of the Future – Academic Education in the Age of Digitization
Michael Hoffmann, Department of Engineering, Trier University of Applied Sciences

Wrap up and closing by Dominic Kurtaz & Yasmine Blair (15:30 pm)

3DEXPERIENCE PLAYGROUND
will be open the entire Conference

- Listen and collaborate with a selection of highly innovative start-ups
- explore how the transformative power of virtual twin technology can accelerate your sustainable innovation, and give you the edge in manufacturing's digital revolution
- interact with the Dassault Systèmes partner network
- meet the Workforce of the Future and check out some innovative student's projects
